# Examples of Weekly Presentation Prompts

- How did you determine the production versus outsource split for each product? Explain the factors you considered when determining the split.
- What strategy did you employ to successfully bid for and deliver customer service?
- Evaluate the financial statements downloaded from Monsoon SIM. Suggest how the presentation can be improved with reference to IAS 1 *Presentation of Financial Statements*?
- The current scoring matrix only considers net profit and cash flows. What other factors should be included in the overall scoring matrix due to their importance to business performance and executive incentives?
- What are the main challenges your team encountered this week? How will you overcome those challenges next week?
